MINI	Paceman (R61)	2013-2015

B) DETAILS

- Made **EXCLUSIVELY** For **Push Button Start** BMW & MINI Models (Outlined Above). 100% Compatibility.
- Hassle Free Installation – ‘Plug & Play’ Install. No Wire Hacking/Splicing/Tapping.
- Undetectable Control Unit & Wiring Harness (Can Be Neatly Tucked Away Underneath The Steering Column By The Footwell).
- Innovative Technology – You Will NOT Lose Any Of Your Key Fobs From Installation.
- Seamless Integration – Start Your Vehicle Directly From Your Factory Remote. Press The Lock Button 3 Times To Start The Vehicle And 3 Times To Turn It Off (If You Need To).
- Two Long Range Remote Controls Included In Our Package. Up to 3,000’ Range Over Factory Key! One 2-Way Remote and One 1-Way Remote.
- Does Not Interfere With Feature Coding Or ECU Tuning.
- Does Not Void or Harm Your Factory Warranty (Remote Starter Can Also Be Easily Disabled For Service Visits To The Dealership, If You Choose To).
- Works With/Without Comfort Access Systems. An Advantage For Non Comfort Access Users Is That When You Unlock Your Vehicle, You Will Not Need To Insert Your Key Fob Into The Key Slot, Just Get In And Drive Away.
Please Note: This Is Not Recommended On A Consistent Basis As This Is The Only Way Your Key Fob Can Be Charged.
- Smartphone Ready. Start/Stop, Lock/Unlock & Track Your Vehicle From Anywhere In The World (Subscription Service Applies).
- System Automatically Shuts Off After 15 Minutes (Similar To Other Remote Start Systems)
- As A Security Measure, If The Vehicle Is Accessed Without Unlocking The Door From The KeyFob OR Via Comfort Access, It Will Automatically Cut The Engine Off.

C) SUPPORTED TRANSMISSIONS

- Automatic
- DCT
- SMG
- *Manual

*Coding Change Is Required For This To Work
